

Products & Services

Design & Build: Industrial Series / Discovery Series / Custom Series

1

Engineering

- Product Development
- Equipment Design
- Plant Layout
- Analysis & Simulation Services
- CAD & CAE Services

2

Manufacturing

- CNC Machining
- CNC Turning
- Grinding
- Laser Marking
- Inspection
- Secondary Operations – Local Supply Chain
- 3D Printing

3

Product Assembly

- Product Assembly
- Product Testing & Validation
- Product Labeling
- Packaging & Kitting

4

Machine Build

- Machine Builds
- Fixture, Gauge, or Tool Builds
- System Builds
- Electrical Cabinets & Panels
- High Volume Builds
- Serialization

5

Test & Verification

- Test Stand Development
- Electrical Testing
- Software Testing
- Mechanical Testing
- Non-Destructive Testing
- Geometric Inspection

6

Rebuild & Repair

- Machine, Spindle, Fixture & Tool Changer Rebuilds
- Control System Upgrades
- In-House Repair Services
- Onsite Repair & Onsite Services
- Electrical & Control Repairs
- Spindle Repairs

7

Service Parts

- Spare Parts for AMD&E Machines
- OEM Replacement Parts
- Wear Parts
- Reverse Engineering for EOL or Obsolete

8

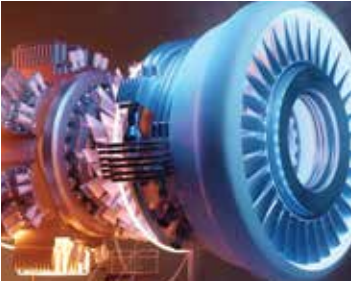

Field Service

- Machine Repair
- CNC Machine Alignment
- Guideway Replacement
- Field Replacements
- Field Upgrades
- Field Recontrols
